Employees of the FRC are required as part of the terms and conditions of their employment to at all times comply with the FRC's Conflict of Interests Policy, to ensure that the FRC's work is carried out free from improper conflict or influence and in order to uphold effective regulation in the public interest. The FRC maintains and enforces this policy to ensure that employees understand and declare conflicts of interest so that the FRC can identify and manage conflicts of interest, thereby reducing risk and ensuring that actual and perceived conflicts do not affect or appear to affect decisions made by the FRC. In doing this the FRC protects the integrity of its regulatory decisions, assures the public in general and its regulated constituency that it regulates fairly and impartially.
Employees are required to register the following interests of themselves, family and anyone with whom they have a close personal or business relationship: relevant appointments, directorships or offices held and

	 audit firm pension scheme memberships. Substantial guidance is provided to FRC employees as to what might constitute a conflict of interest, which is not repeated in full herein. For the purpose of this application, particular note is made of the provisions relating to past employment at an audit firm, which require previous employment at a firm and a legacy firm to be declared, as well as any previous employment at a UK Audit firm overseas. This allows an appropriate cooling off period to be agreed. Individuals working in AQR, AFS, AMS and Enforcement should not engage in projects where they have been employed by the relevant audit firm at least 5 years after leaving that employment.
